May 23, 2022

Dear residents, family members and responsible parties,

This is to let you know that over the weekend we had one staff member test positive for Covid-19. This person is now off schedule and will return according to current CDC and CMS guidelines.

The person was not in nursing but is in facility services. Those who were in close contact have been tested and all were negative. The department will be monitored for signs and symptoms and will be tested for the next 2 weeks.

Fairhaven is currently testing all non-boosted and un-vaccinated staff members twice weekly and will continue to monitor all staff for symptoms.

Fairhaven continues to follow our practice of all visitors required to check in at the main entrance, plus answer the Covid-19 questionnaire, have temperature checks, and wear a mask.

Thank you and feel free to contact Fairhaven with any questions or concerns.

Sincerely,

Dawn Blazier, RN  
Infection Preventionist
