

Hearthstone Memory Care

Hearthstone provides care for those with dementia or memory issues. It is a separate building on the main Fairhaven Campus, and the layout of the building was specifically designed for individuals with dementia. Hearthstone is LeadingAge Dementia Care Certified for quality care. Residents furnish their own private room with comforts of home, and right outside each room is a large spacious and inviting social area to relax or engage with staff and peers. \$5 per day discount if Entry Fee paid.
